Hawaiian Kettle Style Potato Chips Are Now Available In Utah! Review

Tim's has been creating famous chips in the shadow of the Cascade Mountain range since 1986 using an old family recipe. By starting with premium potatoes direct from family owned farms and only the finest blends of real seasonings, we think you'll agree that you have discovered what you have been looking for from your first satisfying crunch. Just like the mountains that surround us, we have risen to the challenge of creating great tasting snacks. We have proven that a chip crunches louder, tastes superior and satisfies better when it is prepared by people who take pride in a well made snack. Our products are still created one batch at a time. And as always - NO TRANS FATS! Many people have told us that Tim's creates the best snacks anywhere. We believe once you've tried them, you'll agree.

The makers of the Hawaiian Kettle Style Potato Chips are pleased to announce that their superior line of potato chips and snack rings are now available in Salt Lake City and the greater Utah area. The line offers four exotic, unique and delicious flavors, including: Original, Luau BBQ, Sweet Maui Onion and new Wasabi.

Now available in Harmons, Wal-Mart and Smith's, Hawaiian Kettle Style Potato Chips bring something unique to the supermarket. With the Hawaiian tagline, "Lolo 'Ono," which translates to "Crazy Delicious," Hawaiian Kettle Style Potato Chips use the traditional Polynesian recipe that originated the Hawaiian Kettle Style Potato Chip.

Hawaiian Kettle Style Potato Chips and Snack Rings are known not only for superior taste and quality, but also for the artistic, colorful, tropical artwork that appears on all packaging. "We are delighted to bring a taste of the islands to the greater Utah area to expand people's taste horizons." says Jeff Leichter, General Manager of Tim's Cascade Snacks, distributors of Hawaiian Kettle Style Potato Chips and Snack Rings. "The distinctive flavor profiles, crunchy texture and unique packaging all combine to offer consumers a product that is above comparison, and we know they'll love it."

Hawaiian Kettle Style Potato Chips Original-

Real potatoes sliced slightly thinner than regular chips, then slow cooked in the old Hawaiian tradition in a select blend of oils for a crispy, crunchy potato chip with just the perfect pinch of salt.

Sweet Maui Onion-

Crispy, golden chips are cooked to perfection, and then seasoned with just the right amount of Sweet Maui onion flavor.

Luau BBQ-

Although the front of the bag boasts Sweet and Spicy, consumers say it's sweet and sassy and full of detectable flavor. Try putting these chips inside your next burger for a yummy twist.

Wasabi-

Discover a new world of flavor when you try these unique tasting chips which combine the zest of wasabi root with a kick of horseradish and thick sliced potato chips to create this ultimate island delight.

Hawaiian Snack Rings

Sweet Maui Onion Rings- The delicious taste you love from the Sweet Maui Onion chips is now available in a zesty ring snack. These light and crispy rings are cooked to golden perfection and seasoned with just the right amount of Sweet Maui Onion flavor.

Luau Barbeque Rings-

Light as a breeze in your hand but packing a rushing wave of flavor, it's the crispy Hawaiian Luau BBQ ring snack! This snack has the sweet and zesty BBQ punch of our famous Hawaiian Kettle Chips on a light, curling ring.

The wonderful package containing all these chips came while I was in Maine. I told the family to open them and let me know what they thought! Well, they loved them all. My husband said that the kids really enjoyed the Sweet Maui Onion and the Original Hawaiian Style Kettle Chips. My husband enjoyed all the others. He said they were all a big hit!

All flavors of Hawaiian Kettle Style Potato Chips and Snack Rings are available in major grocery store chains such as Wal-Mart, Smith's and Harmons (8 oz. package, SRP \$2.99- \$3.29). Hawaiian Kettle Style Potato Chips and Snack Rings are distributed by Tim's Cascade Snacks through an Independent Owner Operator Network.
